

SHIVAM SINGH

GROWTH MARKETING | PRODUCT-LED GROWTH | USER ACQUISITION | LIFECYCLE, RETENTION & CONVERSION

San Francisco, CA | shiv-growth-mkt@umich.edu | +1 (202) 630-3211 | [linkedin.com/in/beastofbayarea](https://www.linkedin.com/in/beastofbayarea)

EXECUTIVE SUMMARY

Growth leader spanning **product-led growth**, **demand generation**, acquisition, **activation**, **retention** and international expansion across AI, e-commerce and FinTech. Uses **funnel** analytics, **cohort** testing, **CAC/LTV** economics, **lifecycle** experimentation, paid and organic channels, and behavioral telemetry to turn customer insight into measurable adoption and revenue growth. Brings **CRO**, **attribution**, **lifecycle** marketing, **ABM**, **PLG** experimentation and international growth across B2C, B2B and enterprise motions.

EDUCATION

University of Michigan, Stephen M. Ross School of Business - MBA | Product-Led Growth & Market Scaling | 2022 - 2024

London School of Economics and Political Science - Executive Coursework, Economics, Markets & Public Policy | 2024

Indian Institute of Technology - B.Tech, Computer Science & Engineering | 2010 - 2014

PROFESSIONAL EXPERIENCE

Amazon Web Services (AWS) - Generative AI

2024 - Present | San Francisco, CA

Senior Growth Strategy & Product-Led Adoption Lead

- Owned **PLG** adoption strategy for an agentic AI shopping experience, combining customer research, behavioral telemetry and human-factors analysis to reduce decision friction and move the product toward purchase completion.
- Ran **conversion** and engagement experiments across prompt, retrieval and product surfaces; reached **25%** adoption, lifted brand favorability **55% to 70%**, increased session depth **15%** and reduced hallucinations to **2.8%**.
- Built multi-channel **demand generation** and pipeline growth programs across paid media, search and content syndication, managing a multi-million-dollar performance portfolio while tracking funnel **conversion**, **CAC** and **LTV**.
- Authored a **\$100M+** GMV sensitivity model that secured **\$5M** for the growth roadmap and launched Japan localization as a reusable international expansion template.
- Instrumented the full-funnel growth model across paid search, content syndication, organic search, dark social and product-led surfaces, using **activation**, **conversion**, **CAC**, **LTV**, **retention** and **cohort** metrics to prioritize experiments and reallocate spend.
- Built a growth experimentation backlog across acquisition, **activation**, **retention** and engagement, combining funnel instrumentation, **cohort** segmentation, customer research and **incrementality** signals to improve **CRO**, **lifecycle** performance and budget allocation.

Rakuten Group, Inc. - International Commerce

2023 | Tokyo, Japan

Growth & International Expansion - MBA Intern

- Built an international market-entry and LLM localization engine across APAC, using user-intent data and recommendation logic to create repeatable acquisition and onboarding patterns for localized commerce experiences.
- Reframed a consumer launch using **cohort** analytics, geo-lift testing and SQL; pivoted to a partnership-led model that cut **CAC \$42 to \$8.50**, improved **LTV:CAC 0.8x to 4.5x**, lifted **D30 retention 34% to 67%** and shortened payback **18 to 4** months.
- Optimized top-of-funnel **conversion** and product-led signups using alternative-data attributes, localized content and **cross-functional** budget allocation across creative, performance marketing and commerce teams.
- Embedded AI into merchant workflows and used **cross-device attribution** to connect acquisition through transaction completion; reached **40%** adoption, lifted **conversion 15%** and reduced listing time **45 to 12** minutes while improving revenue measurement.
- Diagnosed and fixed a **cross-device attribution** break across Analytics, Finance and Merchant teams, improving end-to-end **conversion** measurement and giving growth teams cleaner channel **attribution**, revenue reporting and experiment-readout signals.

Microsoft Corporation - Augmented Reality

2020 - 2022 | Redmond, WA

Senior Growth & Lifecycle Marketing Lead - Activation, Retention & PLG

- Redesigned onboarding and first-run experiences using **PLG** loops, **lifecycle** telemetry and time-to-first-value; increased **activation conversion 262%**, **NRR 102% to 128%**, reduced churn **14% to 6.5%** and improved win-back **4% to 22%**.
- Directed global launch and user-acquisition campaigns for an AR shopping app across LinkedIn, Google, PR and organic discovery, pairing paid performance media with App Store Optimization and product-surface merchandising.
- Used **RICE** prioritization, **cohort** analysis and propensity models to target **retention** interventions, sequence experiments and forecast expansion revenue across developer and business customer segments.
- Orchestrated a global **Retention** Cliff / **OOBE reactivation** program, implementing automated multi-step **lifecycle** flows and release coordination to stabilize early-life **retention** and create repeatable win-back mechanics.
- Connected **SEO / SEM**, paid search, paid social, App Store Optimization (ASO), PR and organic discovery to **activation**, **retention**, expansion and win-back metrics, using channel and **cohort** performance to improve multi-touch **attribution**, **conversion-rate** optimization and **CAC / LTV** efficiency.

The D. E. Shaw Group - FinTech Growth Analytics

2016 - 2020 | New York, NY & Hyderabad, India

Demand Generation Lead - FinTech

- Scaled a neobank acquisition engine to **247,384** registered users and **\$34.6M** in linked transaction assets, combining alternative-data credit scoring with measurable onboarding and **activation** flows.
- Converted relationship-led selling into an institutional **ABM** and outbound automation motion using HubSpot, Apollo and Clay; built lead-scoring, routing and **lifecycle** handoff logic across complex buyer journeys.
- Built behavioral telemetry and churn-risk loops to prioritize **conversion** experiments and non-paid growth levers across partnerships, community and **lifecycle** engagement.

McKinsey & Company - Growth Strategy

2014 - 2016 | London, UK

Business Analyst, Market Entry

- Designed scale-up go-to-market and growth strategies for marketplace businesses, using viral-loop design, customer segmentation and **LTV** economics to improve acquisition efficiency across Europe and North America.
- Supported a **0-to-1** digital-bank launch that reached **100,000** active users in **90** days, increased approval **10% to 40%**, held **2.4% NPL**.
- Audited enterprise performance funnels and created **CRO** and **retention** roadmaps linking channel mix, customer churn and multi-channel acquisition ROI to prioritized experiments.
- Built quantitative growth business cases for digital and marketplace clients, connecting segmentation, channel economics, pricing and funnel assumptions to **\$50M+** revenue decisions with approximately **95%** forecast accuracy through hindcasting.
- Applied pricing elasticity, **cohort** economics and hindcasting to growth cases, helping clients distinguish sustainable acquisition from subsidized volume and prioritize channels, offers and market-entry plays with stronger incremental ROI and **LTV/CAC**.
